

I am writing this to let you know how much K-Love does for me personally and for my community. I have seen lives change through the listening of K-love, people who are on their last leg, ready to end it all and those attempts being stop by a certain song that was played, something one of the announcers said or by a K-Love pastor talking to this person. If K-love was displaced by an LPFM broadcaster it would be a tragedy to my community. K-Love and the out reach they provide through free airing of food banks, and shelters locations and the help they need would greatly be felt in my community if it were to all stop. The state and ultimately the Federal government would end up picking up the tab for what is now being paid for by private donations. Please do not allow LPFM to take priority over current FM translator service. Thank You
